I like nonsense -- it wakes up the brain cells. Fantasy is a

necessary ingredient in living. It's a way of looking at life

through the wrong end of a telescope...and that enables you to

laugh at all of life's realities.

Anyway, no drug, not even alcohol, causes the fundamental ills of society. If we're looking for the source of our troubles, we shouldn't test people for drugs, we should test them for stupidity, ignorance, greed and love of power.
